

CENTRE OF MEDICAL KNOWLEDGE EXCELLENCE (CMeKE) has been formed under the aegis of Consortium e-Learning Network Pvt. Ltd with a mission and vision to harness the potential of Medical Research. CMeKE is designed with an objective to create, evolve and discover medical knowledge in all possible forms and to reach every individual of medical fraternity throughout the world to join us. Basically, the aim is to form a team that provides integrated and customer-centric products to improve medical knowledge of society, from researchers to school going kids.

STM Conferences (STMC) is an online platform where you can get the detail information about the conferences, seminars, workshops and other-related events. This is the platform where the scholars/researchers can share their knowledge and help the modern world to get the maximum utilization through it. STMC is making its mark in the country with the amalgamation of researchers and analysts, inventors, scientists, entrepreneurs, academicians and many more by conducting workshops, training programs, seminars and conferences. These are the events basically based on knowledge exchange and research-sharing concepts

January CMeKE MEDICAL SUMMIT 2019 Medical Excellence Conference & Expo Delhi

EXHIBITION

CONFERENCE

NETWORKING

TECHNICAL SESSIONS

8th January, 2019

Crowne Plaza
Mayur Vihar,
New Delhi, India

BACKGROUND

Medical science is the biggest branch of science which deals with the study of diagnosis, treatment and prevention of disease. The major advancement in medicine at global platform was started on World War I, during 1915 a female doctor Mary Merrit Crawford said, “A war benefits medicine more than it benefits anybody else”. Evidence based medicine are mainly used in developed countries for the better patient’s health care outcome.

Indian doctors became world renowned due to their high expertise and reputation in US, Canada, Australia, New Zealand, UK and other European nations. India has begun in changing the health care system by beating cervical cancer with modern technologies, robotic surgery of chest and stomach, developing power packed pill etc. Medicine as a profession earns tremendous respect in Indian society hence a large several youths aspires to become doctor.
